PROFILE

I am a dedicated and ambitious Flutter developer with over **1 years plus** of professional experience in building responsive, user-friendly, and high-performance mobile applications. Proficient in Dart and the Flutter framework, I have developed and maintained cross-platform apps with clean architecture and modern UI/UX practices. I thrive in collaborative environments and am passionate about writing scalable, maintainable code. I'm eager to contribute to innovative projects and grow alongside a forward-thinking development team..
